Brian, we had previously agreed we were not going to do any additional homewell sampling. Are we staying with that position? If so, I will add this person to the list but will not schedule anything at this time. If DEP decides you want to do more homewell sampling, let me know.

Thanks,

Greg

Was away during the incident, concerned about well water. Has not seen any discoloration, etc; but, his well is within 100' of the Conewago and is 25' deep.
